

OLIVE OIL

COLLECTION

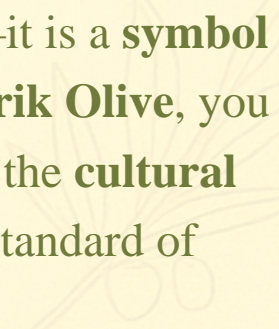

ABOUT US

Founded in 2022, **Derik Olive** is a brand deeply rooted in the historic **Derik region of Mardin**. By blending centuries-old olive-growing traditions with modern production standards, we bring an exceptional taste and premium quality to tables worldwide.

Derik olives are protected with a **Geographical Indication certification**, reflecting the unique climate and fertile soils of the region. Carefully hand-picked and cold-pressed, our olives are bottled in their purest form—preserving their natural antioxidants, aroma, and golden color.

Our dedication to **quality and authenticity** has been recognized not only locally but also on the global stage. Derik Olive has proudly received multiple **international awards**, proving its superior flavor and reliability in international markets.

For us, olive oil is more than just a product—it is a **symbol of health, tradition, and elegance**. With **Derik Olive**, you bring to your table not only olive oil but also the **cultural heritage of Mardin** and a world-acclaimed standard of excellence.

OUR VISION

To produce olive oil that people love and enjoy with their meals, while ensuring a better future by protecting nature and sustaining our business.

OUR MISSION

To enhance the flavor of meals and create unique culinary experiences with our high-quality olive oil.
